How to use this index

There is no order you have to follow. Each guide stands alone, but they stack: the first three get you paid for the first time, the middle four turn that into a service business or a product, and the last three are about scale, content and the 30-day challenge.

The four starting points

- **Start with nothing but a phone**
  The First $500 Online, then Digital Business Challenge.
- **Start with a skill you already have**
  Freelancer Starter System, then Online Service Business.
- **Start with design, content or AI**
  Canva to Cash, Content Income System, or AI Income System.
- **Start with a job, not a hustle**
  Remote Work Starter.

What every guide has in common

- Written for readers outside the usual hiring markets, with payment routes that actually exist.
- Short chapters, each ending in something you can do the same day.
- Copy-and-edit templates instead of theory: scripts, checklists, calendars, price tables.
- A closing chapter with mistakes, an FAQ and a challenge, so the book ends in action.

The ten guides

01 **The First $500 Online** — 87 pp - $19

Where the money comes from, pricing in dollars, and a 30-day calendar that ends in a paid client.

02 **Freelancer Starter System** — 88 pp - $24

Pick a skill, build a portfolio without clients, and send proposals that get answered.

03 **AI Income System** — 99 pp - $27

Use AI as a production line: workflow, prompts, quality control and eleven worked use cases.

04 **Social Media Manager Starter** — 89 pp - $24

The audit that opens doors, a content system that fits a small business, and retainers in dollars.

05 **Canva to Cash** — 76 pp - $19

The ten design deliverables local clients buy, plus a fourteen-day portfolio launch.

The ten guides, continued

06 **Sell Digital Products** — 99 pp - $29

Validate before you build, price, write the sales page, and handle delivery, refunds and licensing.

07 **Remote Work Starter** — 100 pp - $24

The roles that are genuinely open, a remote-ready CV, interviews and cross-border payment.

08 **Content Income System** — 99 pp - $27

Six honest paths from audience to income, with Telegram as the home base.

09 **Online Service Business** — 101 pp - $29

Ten services that sell in almost any city, with pricing, delivery systems and a 30-day start.

10 **Digital Business Challenge** — 69 pp - $17

Eight stages, one deliverable each: read it in a weekend, execute it in a month.
